

2226 kids under 25 have been killed in a stupid war that has dragged on for five years, we have no say in, and no one likes. We're dancing to the Franklin Military Recruiting Station at 14th St. and L St. to tell them **WAR IS A WASTE OF OUR YOUTH** we're done with dying. You're watching us dancing. Wouldn't it be more fun to dance with us?

DC Students for a Democratic Society is an action-oriented student and youth power network devoted to collective liberation within ourselves, our schools, and our communities. DC SDS uses participatory democracy and takes direction from community-based organizations to create positive change.

DC SDS meets Sundays at 5:45 in the fourth floor lounge of the Marvin Center at George Washington University campus (800 21st Street, N.W., 21st & H).
